Laptop wraps for Personal Development, Health and Physical Education Stage 5

This collection of new laptop friendly resources from the Centre for Learning Innovation is designed to support the Digital Education Revolution NSW implementation. The mix of online and offline tasks is intended to promote student understanding and capability in key topic areas such as, healthy food habits, health consumerism, sexual health, health decision making, respectful relationships, abusive situations, access to health information, planning physical activity and road safety.

New Laptop wraps from the Centre for Learning Innovation (CLI) provide online and offline tasks to support student investigation, collaboration and creation of content.

Challenging media images

Explore how media messages affect teen body image. Create a podcast, poster and newspaper article to better understand and combat negative body-image messages in the media.

The Teaching and Learning exchange (TaLe)

Search on TaLe for access to 243 PDHPE Stage 5 resources including 8 resources from The Le@rning Federation and 13 laptop friendly Languages Stage 5 resources from CLI. You can also save your searches to develop resource lists to share with students.

TaLe has changed the design of its pages, search and the information to better support the Digital Education Revolution NSW (DER-NSW), with:

- a collation of online support for new tools and software under the Tools+ banner
- search improvements to help users find 'laptop friendly' resources
- interface redesign to accommodate the screen size of netbooks.

Tools+

Tools+ on TaLe provides access to tools and resources that support software applications provided under programs such as Connected Classrooms Program, Technology 4 Learning and DER-NSW. Use Tools+ to find approved and up-to-date information and resources to help with interactive classrooms, software tools and social media.

Search improvements and design changes

TaLe search results pages now enable teachers with netbooks to view more search records, and changes have been made to the TaLe header and other design elements to improve usability on netbooks. To make things even easier for teachers, a visual shortcut to the DER-NSW support pages has been added to the right hand column of the Secondary teachers home page.

TaLe DER-NSW

TaLe, Secondary now has a link to a dedicated DER-NSW site. Here you will find a 'one-stop shop' where you can browse through all of the DER-NSW resources available through TaLe – www.tale.edu.au/tale/live/DER.

CLAS for schools

CLAS for schools is a self-evaluation tool that helps teachers appraise their skills and knowledge in using ICT for teaching and learning.

CLAS gives teachers links to practical advice, tips, set-up guides, software and online tools, and includes links to advice on curriculum benefits, plus a range of collaborative resources and learning programs using video conferencing and webcasts.
